Table with 5 columns: DESCRIPTION OF STATE LAND TO BE SUBLEASE, SECTION, TOWNSHIP, RANGE, ACRES. Contains 5 empty rows for data entry.

Under this agreement the lessee/licensee certifies that he/she is (1) providing all costs for improvements, land maintenance, and range renovation, (if approved by the Department): (2) making all decisions regarding rotation or other placement of livestock on state land: (3) making all decisions regarding turn-in and turn-out dates of the livestock on state lands; and (4) making all decisions regarding proper range management, including placement of water, fencing and salt. (See ARM 26.3.147)

The sublessee's livestock will be allowed to utilize \_\_\_\_\_ AUM's pursuant to this agreement. The lessee/licensee also certifies that he/she is not charging a management fee to excess of the state minimum of \$\_\_\_\_\_ per AUM for the current year for the AUMs being utilized on the lease/license, (Section 77-6-507, MCA) Please contact the Department for the amount allowed each year for the management fee. If you place an amount in excess of the allowable fee, it will be cause for disapproval of this application.

Failure to follow the terms of this agreement and/or the requirements of Sections 77-6-208 and 77-6-212, MCA and ARM 26.3.146 and 147 subjects the entire lease/license to cancellation subject to the appeal procedures under Section 77-6-211, MCA. This pasturing agreement shall not be in force until completed, signed and approved by the Department of Natural Resources & Conservation. This agreement expires on or before February 28. Failure to annually renew the application may result in cancellation, as stated above. The pasturing agreement may only be in effect within the period between March 1 of the current year and February 28 of the following year. A separate pasturing agreement is required for each individual livestock owner and each lease/license.
