OF THE STATE OF MONTANA

IN THE MATTER OF APPLICATION FOR)
BENEFICIAL WATER USE PERMIT NO. 41P-)
30117451 BY CITY OF SHELBY)

IN THE MATTER OF CHANGE APPLICATION)
NO. 41P-30114262 BY CITY OF SHELBY)

IN THE MATTER OF CHANGE APPLICATION)
NO. 41P-30116656 BY CITY OF SHELBY)

FINAL ORDER ON REMAND

This case was returned to me by the Montana Water Court' for further proceedings consistent with the Montana Supreme Court's Opinion of September 17, 2024, in *Town of Kevin v. Montana Dep't of Nat. Res. & Conservation*, 2024 MT 210, 418 Mont. 131, 557 P.3d 913, *reh'g denied* (Nov. 7, 2024)("Kevin"). The parties – Applicant City of Shelby ("Applicant") and Objector Town of Kevin ("Objector") – disputed both the scope of the issues before me on remand and the proper parameters of the changes, if any, necessitated to my prior order of March 30, 2022, granting the above-captioned applications ("Applications") by virtue of the Montana Supreme Court's *Kevin* ruling. I resolved those disputes in my Order of June 4, 2025, concluding that the issue properly before me on remand is whether a service agreement between Applicant and the community of Galata exists in the record. Order of June 4, 2025, at 2. As Applicant conceded that no such agreement was in the record or extant, the question then became how the Applications' places of use (POU) should be modified to excise the inclusion of a Galata in the service areas described in the Applications and in the Department of Natural Resources and Conservation's (DNRC) preliminary determinations to grant (PDGs) the Applications, which I had incorporated by reference in my 2022 Final Order. Order of June 4, 2025, at 2.

With the scope of the remand issue resolved, the parties found themselves in agreement on the proper modifications to the POU to remove Galata but contested the inclusion of certain other parcels of land in the POU. *Id.* at 3; see also Objector's Sur-Reply, May 9, 2025, at 7 ("To the extent DNRC finds the record contains valid service agreements with Oilmont and/or Nine Mile, the parties agree that the place of use for the service areas should be limited to the properties in Exhibits A and/or B to Kevin's Response Brief."). I resolved this issue in my June 4 Order as well. *Id.* at 6. That done, I set a deadline of June 20, 2025, for Applicant to provide an amended map accompanied by legal land descriptions describing the revised POU for the Applications that exclude the community of Galata, consistent with my interpretation of the Supreme Court's ruling in *Kevin*. *Id.* at 6. Applicant timely filed the amended map and list of legal land descriptions. My Order of June 4, 2025, also afforded Objector a circumscribed opportunity to file a response to Applicant's map/legals filing, *id.* at 7, but I was informed by an e-mail from Objector's counsel dated July 3, 2025, that Objector has chosen not to do so.¹ All briefing in this matter now complete, I enter this Final Order on Remand (FOR). This FOR must be read in conjunction with my prior Final Order as well as with the DNRC PDGs, which together set forth the basis for and terms and conditions upon which the Applications are granted. In my prior Final Order, I purported to grant the Applications in the manner proposed in the DNRC PDGs. In light of these remand proceedings, I now find that the following changes must be made before the Applications may properly be granted:

- 1) The flow rate for Application for Beneficial Water Use Permit No. 41P 30117451 shall be 191.1 gallons per minute (GPM), not the 205 GPM set forth in the DNRC PDG for this Application and incorporated into my prior Final Order;
- 2) The volume for Application for Beneficial Water Use Permit No. 41P 30117451 shall be 309.2 acre-feet of water per year (AFY), not the 331.6 AFY set forth in the DNRC PDG for this Application and incorporated into my prior Final Order; and
- 3) The POU for each of the Applications shall be as set forth on the map and set of legal land descriptions filed by Applicant on June 20, 2025, and attached to this Order as Appendix 1.

1. Because of the limited scope I afforded for this last filing opportunity, Objector's choice not to take it should have no bearing on Objector's preservation of issues for possible appeal from this Final Order on Remand.

FINAL ORDER ON REMAND

Application for Beneficial Water Use Permit No. 41P 30117451 is GRANTED as proposed in the Permit Application PDG but for the flow rate, which is set at a maximum of 191.1 GPM, a maximum volume of 309.2 AFY, and the POU, which is as set forth in Appendix 1.

Change Application No. 41P 30114262 is GRANTED as proposed in the Change Application PDG but for the POU, which is as set forth in Appendix 1.

Change Application No. 41P 30116656 is GRANTED as proposed in the Change Application PDG but for the POU, which is as set forth in Appendix 1.

Permit 41P 30117451 together with Change Authorizations 41P 30114262 and 41P 30116656 shall be subject to the following conditions, limitations or restrictions upon issuance:

- 1) WATER MUST NOT BE DIVERTED PURSUANT TO PERMIT 41P 30117451 AND CHANGE AUTHORIZATIONS 41P 30116656 AND 41P 30114262 TO ANY INDIVIDUAL PLACE OF USE AUTHORIZED IN SAID CHANGE AUTHORIZATIONS UNTIL A REQUIRED MEASURING DEVICE IS IN PLACE AND OPERATING AT THE SPECIFIED METER LOCATION CORRESPONDING TO THE PARTICULAR PLACE OF USE. THE APPROPRIATOR SHALL MAINTAIN THE MEASURING DEVICES IN PROPERLY FUNCTIONING CONDITION SO THAT THE VOLUMES ARE ACCURATELY MEASURED.
- 2) ON A FORM PROVIDED BY THE DEPARTMENT, THE APPROPRIATOR SHALL RECORD MONTHLY VOLUME OF ALL WATER INDIVIDUALLY METERED AT EACH METER LOCATION. THE VOLUME OF WATER AT EACH OF THE METER LOCATIONS SHALL NOT EXCEED THE FOLLOWING AMOUNTS EXPRESSED IN ACRE-FEET:

	Shelby Master Meter	Cut Bank Meter	Prison, Humic, Ethridge, Big Rose, Devon-Dunkirk, Shelby South and Oilmont/Nine Mile Meter Locations
January 1-April 30	411.70	124.48	156.67
May 1-October 31	839.00	261.42	307.60
November 1-December 31	205.80	62.24	78.17
Total	1456.50	448.14	542.44

- 3) RECORDS SHALL BE SUBMITTED MONTHLY AND A SUMMARY PROVIDED BY JANUARY 31 OF EACH YEAR TO THE DEPARTMENT'S WATER RESOURCES HAVRE REGIONAL OFFICE AND UPON REQUEST AT OTHER TIMES DURING THE YEAR. FAILURE TO SUBMIT REPORTS MAY BE CAUSE FOR REVOCATION OF THIS CHANGE AUTHORIZATION.

NOTICE

This *Final Order on Remand* is DNRC's final decision in this matter. The decision may be appealed by a party who has exhausted all administrative remedies before DNRC in accordance with the Montana Administrative Procedure Act (Title 2, Chapter 4, Mont. Code Ann.) by filing a petition in the appropriate court within 30 days after service of the order.

IT IS SO ORDERED.

DATED this 5th day of August 2025.
