

# Request for Notification of Interest (RNOI)

## Lease of Power Production Facilities – Broadwater Dam Project

**Issued:** May 2025

**Location:** Broadwater Dam, near Toston, Montana

---

### Overview:

The DNRC is seeking **Notifications of Interest (NOI)** from qualified entities interested in **leasing and operating the hydroelectric power production facilities** at the Broadwater Dam Project. The DNRC will **retain ownership of the dam structure** and associated assets, while the selected lessee will operate, maintain, and potentially upgrade the power generation facilities.

---

### Key Lease Elements:

- **Lessee Rights:**
  - Use of turbines, generators, transformers, control systems, transmission lines, and related infrastructure.
  - Right to sell generated electricity (with requirements for State facility power support).
- **Lessee Responsibilities:**
  - Maintain and replace leased equipment as needed (leased "as-is").
  - Comply with all legal, safety, and FERC license requirements.
  - No subleasing permitted.
- **DNRC Responsibilities:**
  - Retain ownership of land, water rights, dam structures, and the FERC license.
  - Maintain major structural elements and wetlands.

---

### Submission Instructions:

Interested parties must submit a Notification of Interest including:

- Organization/Company Name
- Primary Contact (Name, Title, Email, Phone)
- Brief Statement of Interest
- Summary of Relevant Qualifications (optional)

### Deadline:

All Notifications of Interest must be received by **July 15, 2025**.

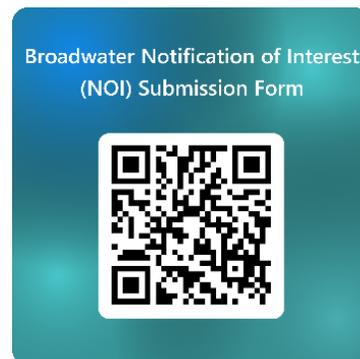

### Additional Information:

Detailed site information and historical performance data are available after signing a Non-Disclosure Agreement (NDA).

**Note:** Submission of an NOI is required to receive further updates or participate in subsequent steps. Submission does not obligate any party to proceed.

***NOI submissions can be completed online using the following form:***
