

**APPLICATION FOR BENEFICIAL WATER USE PERMIT,  
APPLICATION FOR CHANGE OF APPROPRIATION WATER RIGHT OR  
REDUNDANT WELL CONSTRUCTION NOTICE WITHIN THE  
EAST VALLEY CONTROLLED GROUNDWATER AREA ADDENDUM  
36-12-906, ARM**

The following supplemental information is required in addition to the application for groundwater appropriations or changes greater than 35 GPM and/or 10 AF within the **East Valley Controlled Groundwater Area**

**Applicant Name** \_\_\_\_\_

1. In order to file form 600, 606 or 635, you must have prior written approval from (1) Lewis and Clark County Board of Health, (2) Lewis and Clark County Water Quality Protection Bureau, (3) the U.S. Environmental Protection Agency, (4) the Montana State Dept. of Environmental Quality and (5) the Montana State Dept. of Natural Resources and Conservation\*. If the project is in designated Zone 2, the written approval must include the following recommendations which will also be included as conditions on the appropriation.
  - A. Well design and construction requirements necessary to measure the water level and water quality for any well;
  - B. Water level measurement and water quality sample reporting requirements for any new well;
  - C. Any other requirements necessary to ensure new wells can be operated in a manner consistent with purpose of the EVCGWA.
  
2. If the project is located in designated Zone 1, the Department can only accept the following applications.
  - A. Redundant Well Construction Notice, Form 635, for a redundant well;
  - B. Application for Change of Appropriation Right, Form 606, for the limited purpose of a replacement well; and
  - C. Application for Change of Appropriation Right, Form 606, for the retirement of a well limited to the purpose of mitigation or marketing for mitigation.

**\* These agencies may establish a Technical Advisory Group (TAG) consisting of delegates from each for the purposes of reviewing, monitoring, and making recommendations regarding applications and water use within the EVCGWA. Prior approval by the TAG satisfies the prior written approval required for filing Forms 600, 606 and 635.**
